Now is a good time to register as a verified learner!

Why Verify?

There are several fantastic benefits of registering for a verified certificate:

- Weekly private office hours with SD4x TAs in which you can have your questions answered and receive personalized feedback on your code. Check the discussion forum (link below) for the weekly schedule.
- Access to private LinkedIn Group
- If you complete all four courses in the [Computer Science Essentials for Software Development](#) program, you will receive a Professional Certificate. Professional Certificate programs are series of courses designed by industry leaders and top universities to build and enhance critical professional skills needed to succeed in today's most in-demand fields.
