Responsive Web Design with Bootstrap - Video 1.9

🔖 Bookmark this page

Video 1.9

Start of transcript. Skip to the end.

This week we've been looking at HTML and CSS for

structuring the content in our web pages and for affecting its appearance.

And we've seen some examples of HTML pages and

what they look like when rendered in a browser like Google Chrome.

But it's important to remember, as a professional software developer,

that the users of the web page, the people
